This year marks an extraordinary milestone in our history:
we celebrate our 60th Anniversary.

Since iSiMAR was founded in 1964, we have come a long way. We have evolved from a small family business to become an international reference in outdoor furniture design and manufacturing. A place we would not have reached without you.
Thank you for being part of our story.

You have been a fundamental part of our journey, and we want to express our deepest gratitude. Thank you for trusting us, for inspiring us to continue innovating, and for being with us every step of this exciting journey.
We are ready to keep creating unique and memorable spaces that connect people with design and nature.

Looking forward to celebrating with you soon.

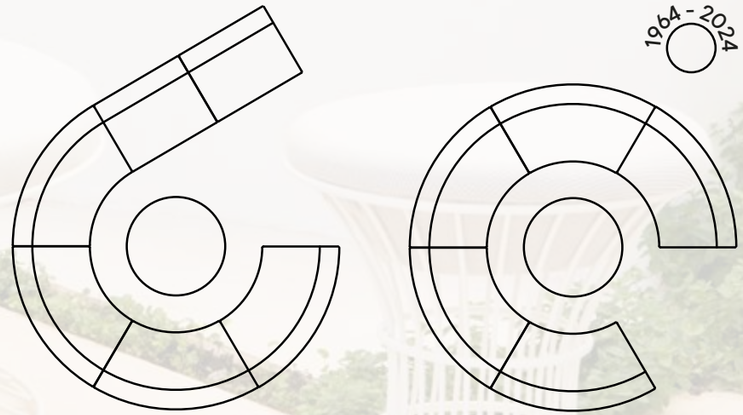

The iSiMAR Team

Este año marcamos un hito extraordinario en nuestra historia:
celebramos nuestro 60 Aniversario.

Desde nuestros inicios en 1964, hemos recorrido un largo camino, evolucionando desde una pequeña empresa familiar hasta convertirnos en un referente internacional en el diseño y fabricación de mobiliario de exterior. Un lugar al que no hubiéramos llegado sin vosotros. Gracias por ser parte de nuestra historia.

Ustedes han sido parte fundamental de nuestro viaje y queremos expresarles nuestra más profunda gratitud. Gracias por confiar en nosotros, por darnos inspiración para seguir innovando y por estar con nosotros en cada paso de este emocionante trayecto.
Estamos listos para seguir creando espacios únicos y memorables que unan a las personas con el diseño y la naturaleza.
Esperamos celebrarlo con todos vosotros en cada ocasión que tengamos durante este año tan especial.

Con todo nuestro cariño y gratitud,
Equipo iSiMAR

We turn 60!

Thank you for being part of our journey!
¡Gracias por ser parte de nuestra historia!

OUR VISION

At iSiMAR we are proud and passionate of our industrial origins and our Mediterranean roots. We have been working with the same pure, natural, and environmentally friendly materials with care and knowledge for the last 60 years; mainly with galvanized rod, but also aluminum and galvanized steel in sheet and tube.

Our product has always been exposed to humid and highly corrosive environments, working in industries such as poultry equipment or industrial refrigerators. Therefore we have acquired during decades the experience and knowledge necessary to live in outdoor environments.

Almost ten years ago, we decided to expand our industrial plan into creating contemporary exterior furniture designs. These designs are unique in their visual lightness and carefulness towards the architectural spaces that rod provides.

We conceive each collection, together with architects and designers, with the purpose of producing pieces that inspire professionals in creating clean, modern, comfortable and functional spaces.

ISiMAR products result from the combination of these designs, the use of natural materials, our industrial expertise (which gather production technologies with craftwork acquired over decades) and our roots of healthy, genuine, Mediterranean country that likes to share memoirs and life experiences.

From our factory in Pamplona, in northern Spain, the iSiMAR family, partners and local suppliers hereby present the 2024 collections. We look forward to helping you in the creation of great projects around the world.

NUESTRA VISIÓN

En iSiMAR sentimos pasión y admiración por nuestros orígenes industriales y nuestras raíces mediterráneas. Llevamos 60 años trabajando con orgullo y conocimiento los mismos materiales puros, nobles, naturales y respetuosos con el medio. Fundamentalmente varilla galvanizada, aunque también aluminio y acero galvanizado en chapa y tubo.

Nuestro producto siempre ha estado expuesto a ambientes húmedos y altamente corrosivos, al servicio de sectores como el avícola o neveras industriales. Esto nos ha permitido adquirir durante décadas la experiencia y conocimiento necesario para convivir en entornos exteriores.

Hace casi diez años, decidimos compartir nuestra pasión industrial creando diseños contemporáneos de mobiliario exterior, únicos por la ligereza visual y cuidado del espacio arquitectónico que proporciona la varilla.

Cada colección es concebida junto a arquitectos y diseñadores con la vocación de producir piezas que inspiren a profesionales en la creación de espacios limpios, modernos, confortables y funcionales, a la vez que alegres.

Los productos iSiMAR nacen de la combinación de estos diseños, el uso de materiales naturales, nuestra experiencia industrial (que reúne tecnologías específicas con el trabajo artesanal adquirido durante décadas) y nuestros orígenes de país mediterráneo sano, auténtico y que gusta de compartir momentos y vivencias.

Desde nuestra fábrica en Pamplona, Norte de España, la familia iSiMAR, colaboradores y proveedores locales, os presentamos las colecciones para este 2024. Esperamos que os ayuden en la creación de grandes proyectos alrededor del mundo.

#beauthentic

Sixty years ago, the López family founded Industrias San Isidro, a small workshop that produced metal structures.

“With the same wire, we made chicken cages, refrigerator shelves, as well as other products. We´ve worked with this material for years and have achieved maximum durability, resistance, and nobility”.

Hace 60 años, la familia López fundamos Industrias San Isidro, un pequeño taller que fabricaba estructuras metálicas.

“Con esta misma varilla fabricábamos jaulas de gallinas, baldas para frigoríficos y otros tantos productos. Hemos estudiado este material durante años, y hemos logrado descubrir su máxima durabilidad, resistencia y nobleza”.

MDF Hydrophobic are wood fiberboards (MDF) for use in humid environments. Wood fiberboard, MDF (Medium Density Fibreboard) and HDF (High Density Fibreboard), is a natural material of plant origin, derived from the processing of wood waste. The fiber is produced by pressing wood waste by adding glues or resins to keep the board compact.

We put our manufacturing capabilities at the service of design professionals, offering a new line of customizable tabletops which can be adorned with any desired design.

Available in Ø60, Ø70, Ø80 cm / Ø23.6"; Ø27.5"; Ø31.4"

MDF Hidrófugo son tableros de fibras de madera (MDF) para uso en ambiente húmedo. Los paneles de fibra de madera, MDF (Medium Density Fibreboard) y HDF (High Density Fibreboard), son un material natural de origen vegetal, procedente del procesamiento de residuos de madera. La fibra se produce presionando los desechos de madera mediante la adición de colas o resinas para mantener el tablero compacto.

Ponemos nuestra capacidad de fabricación al servicio del profesional, ofreciendo la posibilidad de plasmar cualquier diseño en el tablero de las mesas.
